

Student Activities

Institutional Policy

It is the policy at the College that all student activities and organizations are non-discriminatory in terms of membership and are in full compliance with all requirements imposed by Title VI, Title IX, and the Rehabilitation Act of 1973 as amended.

All extracurricular activities are under the direct control of the College through the Dean of Students. The Dean of Students must approve policies and procedures for the control and operation of all clubs, organizations and activities sponsored by the institution. Each campus has a Student Life Specialist to assist the Dean of Students with coordination.

The Student Activities program offers events for students to participate in each semester which may include: campus cookouts, SGA elections, Mr. & Ms. Northwest Shoals elections, Halloween contests, National Collegiate Alcohol Awareness Week, Community College Month and Spring Fling - based on student interest.
