

MLT 294: Medical Laboratory Practicum Hematology and Urinalysis

This supervised practicum is within the medical laboratory setting and provides laboratory practice in hematology and urinalysis. Emphasis is placed on medical laboratory skills and performance in areas such as specimen preparation and examination, instrumentation, reporting of results, management of data and quality control. Upon completion, students should be able to process specimens, perform analyses utilizing various methods including instrumentation, report results, and manage data and quality control using information systems.

Credits: 2

Lab Hours: 2

Program: [Medical Laboratory Technology](#)
