Educational Talent Search

The Educational Talent Search Program is funded through the U.S. Department of Education, sponsored by the College with projects located on both campuses. The program is designed to assist eligible participants to enter, continue in and graduate from high school and to enroll in and complete a program of post-secondary education or training. The program works with students in grades 6 through 12 (ages 11 through 27) as well as dropouts and stop-outs in Colbert, Franklin, Lauderdale, Lawrence, and Winston Counties in Alabama and Lawrence and Wayne Counties in Tennessee. In this program, trained counselors/advisors seek out qualified individuals who need help. Through counseling and advising, they motivate participants to continue their education. Program participants receive academic advising, assistance in course selection, preparation for college entrance exams, assistance with college and student financial aid applications, connections to services to improve financial literacy, personal and career counseling and connections to high quality academic tutoring.

Ready-To-Work Program

The Ready-To-Work Program is a grant-funded, workforce development training program sponsored by Northwest-Shoals Community College. The program is free to residents who live in the College's service area and are ages sixteen years old and above. The Ready to Work program is operated by the Alabama Community College System in cooperation with Alabama's Industrial Development Training (AIDT). The training curriculum is set to standards cited by business and industry employers throughout the state as well as skills cited in the U.S. Department of Labor's Secretary's Commission on Achieving Necessary Skills (SCANS) Reports.

Upon successful completion of the program, students receive two workforce development credentials: the National Career Readiness Certificate (WorkKeys certification) signed by the Governor of Alabama and the Alabama Certified Worker Certificate (ACW). The Ready to Work credentials show employers a person's abilities and measures the skills that employers seek. The mission of the program is to assist citizens in Alabama to find employment, find better employment and/or continue further education or training. The certifications that are earned improve the marketability and employment opportunities for program graduates.
