

Admission Appeals

The College Admissions Committee verifies the eligibility of students seeking admission or readmission to the College through the appeals process and to Health-Related Programs with special admission criteria. Applicants subject to review upon appeal initiated by the student include:

1. Prospective students who are on academic suspension or dismissal from another post-secondary institution;
2. Any prospective student who has been denied admission to the College;
3. Prospective students who have been denied admission to a particular program;
4. Students requesting readmission to the College after being placed on academic suspension from the College;
5. Students who have been suspended from a particular program.

Students or prospective students seeking an appeal must submit their request in writing to the Registrar no later than 3 days prior to the start of the term (see College Catalog or Semester Course Schedules for dates).

A student seeking admission may have his/her case presented before the Committee in absentia or in person. The meeting of the Admissions Committee shall not be considered a due process hearing but rather a petition for admission/readmission. For further information, please contact the Registrar.
