

## CHM 105: Introduction to Chemistry II

This is a survey course of organic chemistry and biochemistry for students who do not intend to major in science or engineering, and this course will not substitute for CHM 112. Topics will include basic nomenclature, classification of organic compounds, typical organic reactions, reactions involved in life processes, function of biomolecules. Laboratory is required. *+Availability of this course is dependent on upon sufficient demand. See advisor for further information.*

**Credits:** 4

**Lab Hours:** 1

**Lecture Hours:** 3

**Prerequisites:**

CHM 104

Grade of "C" or higher in CHM 104 or CHM 111.

**Program:** [Chemistry](#)
