

PHS 120: Environmental Science

This course is an interdisciplinary course designed to give the non-science major an introductory survey of the environment. The environment will be studied with an emphasis on topics such as air, soil, water, wild life, forestry, and solid waste pollution. Laboratory is required and will emphasize field studies and experimentation. +Availability of this course is dependent upon sufficient demand. See advisor for further information.

Credits: 4

Lab Hours: 1
